FOR IMMEDIATE RELEASE

MERIDIAN AIR CHARTER ADDS FALCON 2000 TO WEST COAST FLEET

Teterboro, NJ, March 1, 2016 – Meridian, the award-winning private aviation company based at Teterboro Airport in Teterboro, NJ, is pleased to announce the addition of a Falcon 2000 (N411YF) to its growing West Coast fleet of private business jets. This large cabin aircraft, completed in 2001 and refurbished in 2014, seats up to ten passengers. It is based at San Jose International Airport in San Jose, CA, and it is immediately available for charter (Certificate IMJA053F).

The Falcon 2000 is a long range, twin-engine business jet that offers the perfect combination of luxury and efficiency. The aircraft has a range of up to 3,130 statute miles with a maximum cruise speed of 475 mph. It comes fully-equipped with all of the features and amenities expected from today's discerning business traveler: leather club seating, a full galley with microwave and convection ovens, coffee maker and espresso machine, private lavatory with sink, and berthable seats that can accommodate three beds that could sleep up to four people.

The aircraft also features the latest technology, including complimentary domestic Wifi, two iPad Pro tablets, an inflight satellite phone system, large 18" bulkhead monitors with Airshow® 3D moving maps, individual viewing monitors, and a multimedia entertainment center that features a DVD/CD player.

Chris Battaglia, Director of Charter Sales, says, “This Falcon 2000 is a great addition to our Northern California fleet. It is our second aircraft based near Silicon Valley, but it’s our first heavy jet in the region. This means that we can now offer our customers more versatility for both domestic and international trips. As we continue to build our West Coast fleet, our focus will be to increase the range of options with late-model aircraft while always maintaining our high safety standards.

Meridian currently manages a wide range of aircraft types that are available for private charter: Global 5000, Gulfstream G550, Gulfstream GIV-SP, Falcon 7X, Falcon 900EX EASy, Falcon 2000EX EASy, Falcon 2000, Challenger 605, Challenger 604, Challenger 601, Gulfstream G200, Hawker 900XP, Hawker 800XP, Citation XLS, and Citation VII. Other aircraft types can also be obtained through Meridian’s extensive network of qualified operators.

About Meridian:

Meridian is a full-service, private aviation company based at Teterboro Airport (TEB) in Teterboro, NJ, located just minutes from New York City. Meridian owns and operates businesses that include Air Charter, Aircraft Management, Aircraft Maintenance, and a world-class Executive Terminal / FBO. We also have charter sales offices located throughout California, including Hayward Executive Airport (HWD), Van Nuys Airport (VNY), San Jose International Airport (SJC), and Sonoma County Airport (STS). In 2016, the company is planning to open its second FBO at Hayward Executive Airport (HWD) in Hayward, CA.

Meridian has earned numerous industry awards and accolades for its exceptional service and high safety standards: 2015 Best US & Northeast FBO by FltPlan.com; 2015 Best CSRs by *Professional Pilot* PRASE Survey (#3 for Victor Seda and #4 for Betsy Wines); 2015 Best FBO at TEB by AIN FBO Survey; 2015 Best FBO at TEB by *Professional Pilot* PRASE Survey; ARG/US Platinum Rated; IS-BAO Registered (Stage 2); Wyvern Wingman Certified.
