

Meridian Jet Center Announces Recent Additions to their Avionics Services

TETERBORO, NJ, September 25, 2008

Meridian Jet Center, a private aviation services company now offers 91.411 Altimeter System and Altitude Reporting Equipment Tests and Inspections and 91.413 ATC Transponder Tests and Inspections.

“Complying with these requirements is essential for continued RVSM operation,” said John Langschultz, VP Meridian Jet Center.

For your convenience, Meridian Jet Center will comply with these 24 months requirements at your facility or at the Meridian Jet Center repair station at Teterboro Airport. Contact Phil Gonzalez, Meridian’s avionics specialist.

Meridian Jet Center’s FAA approved 145 repair station is located in their 40,000sf hangar. The Meridian maintenance crew is available 24/7.

Headquartered in Teterboro, New Jersey, Meridian is an award-winning full service private aviation services company. Established in 1958 and with business roots originating in 1946, Meridian is still privately owned and operated today. Meridian’s accumulated expertise offers a complete suite of professional aviation services:

- Meridian Jet Center-FAA authorized repair station
- Meridian Jet Center Detailing
- Meridian Teterboro-FBO Terminal Services
- Meridian Air Charter
- Meridian Aircraft Management
