

## Meridian Air Charter Adds Teterboro Based Falcon 2000EX EASy to Charter Aircraft Fleet

### TETERBORO NJ, July 21, 2009

Meridian Air Charter, a private aviation services company, has recently added a Falcon 2000EX EASy to their fleet of charter aircraft. The aircraft is based in Teterboro, NJ (TEB) and is available for charter.

The Falcon 2000EX EASy is a powerful twinjet that can manage high and short runways; it can climb above thunder in the summer and strong westerly headwinds in the winter. Trim lines and sleek design give the Falcon 2000EX EASy a strong airport presence. Its long, wide and high cabin gives passengers generous space. Andrew Ladouceur, Meridian's Director of Charter Sales and Client Services said, "We have operated the Falcon 2000 in charter for three years now and we are consistently impressed with its service so we are very excited about the addition of this Falcon 2000EX EASy. This aircraft compliments the rest of our fleet perfectly, making Meridian Air Charter the most diverse fleet at Teterboro."

The Falcon 2000 EX EASY's cabin has a wonderfully earthy palette. The ten plush leather seats are cream colored and complimented by honey and pecan toned woodwork and accented with a jacquard carpet in a wheat hue. The private lavatory is comfortable and equipped with a sink. The full galley can facilitate the most lavish of dining services. The relaxed atmosphere invites in-flight productivity and greatly reduces the stress of travel. Your travel time can be exceedingly efficient with WiFi Internet, in-flight Satellite phone, and a fax machine. Alternatively you may unwind in the plush leather seats while monitoring your flight with Airshow® 4000. You may simply prefer to use the DVD system with bulkhead & individual seat monitors & headsets or just tune into XM Radio™.
