

Meridian Air Charter Adds Teterboro Based Bombardier Global 5000 to Fleet of Charter Aircraft

TETERBORO NJ, August 24, 2009

Meridian Air Charter, a private aviation services company, has recently added a Bombardier Global 5000 to their fleet of charter aircraft. The Global is an accomplished business jet that offers a productive and elegant atmosphere. The aircraft is based in Teterboro, NJ (TEB) and is available for charter.

Bombardier Global aircraft are truly exceptional in every sense of the word. The accomplished business jet is top class in one majestic sweep of beauty and performance. These long-range business aircraft incorporate their advanced technologies and uncommon elegance with legendary handling ability.

"We are very pleased to include the Global 5000 to our growing fleet of Bombardier products. Its spacious interior and long range capability enhance our already diverse fleet of intercontinental aircraft," said Meridian Director of Aviation Sales, Michael Moore.

The striking exterior of the Global 5000 is a Matterhorn white with a deep cobalt blue belly and gold side stripe. The earth toned interior of the spacious cabin is enriched with supple, camel color, plush, leather seats for 13 complimented by luminous walls and a cream colored headliner. Contrasting exquisite woodwork presents a golden brown and sienna feathered pattern with intricate inlay design. The custom made light indigo blue carpeting adds style and comfort. The cabin is designed for optional privacy with section dividers. Travel with ease as all seats have berthing capabilities. The Global 5000 has two private lavatories both with sinks. The in-flight service staff can accommodate passengers with the most lavish of dining needs in the fully equipped galley. Travel time may be spent productively with in-flight satellite phone and onboard WIFI internet connection, or relaxingly by lounging in the plush leather to enjoy monitoring the flight with Airshow® or enjoy the entertainment system that includes a DVD-CD player and game ports in the main cabin.
