

Meridian Air Charter Adds Teterboro Based Hawker 800XP

May 8, 2007, Teterboro, NJ - Meridian Air Charter, the Teterboro, NJ based Private Aviation Services Company, is proud to announce the addition of a Hawker 800XP to their fleet of charter aircraft. The premium mid-sized jet is based in Teterboro, NJ (TEB) and available for charter.

Meridian Air Charter President Dennis O'Connell stated, "The Hawker 800XP is the highly evolved flagship of the Raytheon mid-sized jet franchise, and the customers are going to love the versatility, dependability and capabilities of this aircraft. The cabin and customer amenities are unmatched by any other mid-size jet."

The Hawker 800XP combines its class-leading performance with an enchanting cabin that encourages productivity with stand-up headroom from front to back; it is spacious and comfortable for a meeting en route or enjoying downtime before an appointment. The Hawker features fully berthable seats, two 14" monitors, DVD player, LCD cabin lighting, the Collins Airshow, generous in-cabin luggage storage, a roomy lavatory and much more. Its speed, comfort and cabin size make it one of the most popular business jets around. The eight - passenger, elegantly styled, interior is adorned with feather patterned maple wood, stained a deep mahogany red. The Hawker's caramel colored, soft leather, seats are inviting and comfortable. The exterior is a crisp Matterhorn white and light grey with vivid red, pure white and royal blue stripes. This is a midsize jet with a large-jet feel, boasting almost 40% more space than its closest competitors. The Hawker 800XP is the airborne office of choice for those who appreciate a business aircraft that was designed for productivity and value.

Headquartered in Teterboro, New Jersey, Meridian is a full service private aviation services company. Over the last year, Meridian launched its new company name, opened its new facility and hangar and celebrated 60 years of service at Teterboro Airport. Still privately owned and operated today, Meridian's accumulated expertise offers a complete suite of professional aviation services:
